

Daily Attestation of Health

By sending a student to school, families are attesting that their students are illness/symptom free and have answered NO to all of the following each day before departing to school. By arriving on campus, faculty and staff are attesting that they are illness/symptom free and have answered NO to all of the following each day before departing to school.

- Have you had a fever greater than or equal to 100 degrees Fahrenheit in the past 48 hours without fever-reducing medication?
- Are you exhibiting any signs or symptoms of a respiratory illness (cough, runny nose, respiratory secretions) with or without fever?
- Are you experiencing shortness of breath or difficulty breathing?
- Do you have chills or generalized body aches?
- Have you lost your sense of smell or taste?
- Do you have a new headache (e.g. one not associated with known conditions such as allergies)?
- Do you have a sore throat?
- Have you experienced active vomiting or diarrhea within the last 48 hours?
- Have you experienced an unexplained loss of appetite?
- Do you have a bacterial infection such as pink eye or strep throat that has not yet been treated with antibiotics for a full 24 hours?
- Are you experiencing an undiagnosed rash or new and/or untreated rash or skin condition (e.g. hives or a wound with purulent drainage)?
- Have you been asked to self-isolate or instructed to quarantine by a medical professional or local health department official?
- Have you been diagnosed or come in close contact with anyone who has been diagnosed with COVID-19 or been placed on quarantine for possible contact with COVID-19? (For these purposes, the CDC defines close contact as having been any within six feet of an infected person for at least 15 minutes).

Students may not return to school until they are illness/symptom free for 48 hours for all non-COVID-19 diagnoses, as outlined above, or as otherwise advised by public health and medical professionals.

- If experiencing signs or symptoms of COVID-19 (e.g. fever, cough, shortness of breath, muscle pain, new loss of taste and or smell, sore throat, new headache etc.) students
 - MUST follow up with a medical provider and provide a return to school note to the office.
 - Pediatricians or Family Physicians, or public health officials, will advise families and the school on appropriate next steps and evaluate if COVID-19 testing is warranted and when a return to school might be appropriate.

Please be aware we will need parents or guardians to pick up or arrange a pick-up of a child who becomes sick at school within one hour.
