

September 24, 2020

Dear HVWS Families,

Please note that we have recently published updates to the HVWS “COVID-19 Community Health & Campus Operations Plan” (previously titled “Campus Reopening Plan”). The current plan can be found on the Current Parents page of our website.

<https://www.waldorfct.org/current-parents>.

Updates include the addition of the new mask requirement from the Office of Early Childhood for students three years of age and older and clarification in the Daily Attestation of Health about which symptoms would warrant COVID-19 testing. If you did not review the last update to the plan, please note there is also now a helpful table from the Connecticut Department of Health comparing mask styles.

Attached to this email please find the current Daily Attestation of Health, as well as an updated all-school Class List and School Directory, both of which are saved in the password-protected Parent Portal. Also in the Parent Portal are the most up-to-date Parent Handbooks which include the updated Daily Attestation of Health.

<https://www.waldorfct.org/parent-portal>

Finally, we would like to welcome Isabel Gandara to the COVID-19 Task Force and thank Carrie Reilly for all of her work on the Task Force!

With warm regards,

The HVWS COVID-19 Task Force
Christina Dixcy, Alex Exley, Isabel Gandara, Therese Lederer, Leslie Lew, Sara Wiley
